THE WEEKLY DIGEST

SECTION TWO

Index

INDEX TO VOLUME 56

JULY THROUGH DECEMBER 1968

Items in QUOTE are arranged alphabetically according to subject matter and are regularly assigned an index number. In the semi-annual index, the first numeral in each reference indicates the page, the second numeral refers to the location of the item on that particular page, according to its index number. Thus, in the first column of this index, "Academic Freedom — 482-1," tells you that an item on Academic Freedom will be found on page 482 under number 1.

One or more letters following a page number, refer to material in regular departments. For example: "America, National Anthem — 429-SB," indicates that an item on that subject is in Scrap Book on page 429. The reference to "Absentmindedness — 218-q," means that an item on that subject will be found in the regular Good Stories section on page 218 under index letter q.

Quotations in the section May We QUOTE You On That? are also numbered and a reference such as "Birth Control — 161-4Q," refers to a quotation on that subject on page 161 in the May We QUOTE . . . section. When the letter "t" follows the Q as in the reference "Automobiles, Seat Belts — 160-2Q-t," it indicates the special Quote-ette feature on page 160.

A complete list of department abbreviations appears below:
